Chinese Fleet Moving—Many Russians Reported Dying in Mobilizing Armies.

NO CLASH SOON EXPECTED.

Tien Tsin March 21.—Victory Yunnanhai is sending additional troops to guard the railway between Shanhaiwan and Yin Kow in the expectation of a Japanese army landing.

They will hold on another ten days. The steamships Europe, Pacific and Mongolia have been transformed into hospital ships at Port Arthur and are ready for sea. Gen. Smirnov, the new commander of the fortresses on the Kwantung Peninsula, is expected at Port Arthur daily. Gen. Stessel has given him command of the third army corps. Stessel recently sentenced three prominent Port Arthur merchants to fifty lashes for charging extortionate prices for necessities of life.

News has been received from Sasebo that fifteen steamships are bolted and chained together there in readiness for another attempt to bottle Port Arthur.

There are signs of a rising of Chinese Mussulmen in favor of Russia. There are 12,000 Mussulmen and their families here.

The spies report that the Russians have lost an enormous number of men, disabled by frost and the breakdown of the commissariat.

NEWS OF CHURCHES

Paducah Ministers Declare Against Divorce.

Will Not Marry Couples Divorced From Other Than Scriptural Reasons.

ITEMS OF RELIGIOUS INTEREST

The Minister's Association, of Paducah, Ky., at a recent meeting considered a resolution, which was offered by Rev. J. W. Sykes, and seconded by Rev. Geo. O. Bachman, on the subject of Divorce. After discussion, in which the prevalent evil was forcibly brought out, the resolution was unanimously adopted, and each minister read the same from his pulpit yesterday and the secretary was ordered to furnish a copy to the newspapers for publication. It is as follows:

PREAMBLE.

Whereas, Marriage is an institution ordained of God, and designed for the happiness and welfare of the human race; and whereas, the Holy Scriptures give but one cause—that of adultery, which justifies the divorce of a married couple; and

Whereas, The laws of our land have greatly lowered the standard of the marital tie, by granting divorce for unscriptural causes, and permitting the re-marriage of the divorced; and

Whereas, Public sentiment in our community is on too low a plane with reference to the sacred institution of marriage, and the social standing of divorced persons who have married again, is apparently not affected by this crime against the home;

Therefore be it resolved:

RESOLUTION.

That we, The members of the Minister's Association of Paducah, Ky., in regular session assembled, do hereby unanimously agree that we will not perform the ceremony of marriage for any person or persons who have been divorced, except for scriptural cause, and then only in case of the innocent party; and that we will do all in our power to create a purer public sentiment on this vital question, affecting the sanctity of marriage, and the perpetuity of the home.

READY TO BEGIN

The English Theater Company Was Organized Today.

It Will Build a New Opera House in Henderson—\$35,000 Capital Stock.

TO HAVE CHAIN OF THEATERS

The first definite steps taken towards the formation of a chain of theaters by Mr. James E. English, manager of the Kentucky theater, of Paducah, and his associates, was taken today when articles of incorporation were filed in the county clerk's office here for the "J. E. English Theater Company," which has a capital stock of \$35,000, all paid in.

The following are the stockholders: Messrs. J. E. English, George C. Wallace, Joseph L. Friedman John W. Keiler, J. C. Flournoy and Mrs. Nell English. The enterprise has been talked of for some time past, but the formal articles were not filed until this afternoon.

The object and purposes which shall be transacted, promoted and carried on by said corporation may be as follows:

To own, buy, sell, lease, furnish, equip, operate and manage theaters, and carry on in that connection a general theatrical business, which may include the formation, control, ownership and management of theatrical companies. And further, may buy, own, lease, operate, manage and sell, fairs, fair grounds, race tracks, baseball clubs and parks, or any other lawful forms of open air amusements. The amount of capital stock, fully paid up, is \$35,000, divided into 350 shares of \$100 each.

The corporation begins business today, March 21, and continues 25 years.

The affairs of the corporation shall be managed by a president, secretary and treasurer and a board of three directors.

It is understood that Manager J. E. English will be president, and Mr. J. C. Flournoy secretary.

One of the main objects at present is the erection of a new theater at Henderson, Ky., previously mentioned in the Sun. The company, as may be inferred from its articles, may later on, and in fact doubtless will, spread and include other theaters.

Manager English has long been ambitious to operate a chain of theaters, and with the Kentucky and the new English theater at Henderson, he will have two links in the chain.

Manager English has received bids on the specifications here, and leaves this evening for Henderson to take more bids. The new theater will be modeled after the Kentucky theater here, and will be a handsome structure. Together with the grounds, its total cost will be \$43,000.

It is expected that bids will be opened in a few days and the contract awarded, and ground will at once be broken at Henderson. The new theater will be completed and ready to be opened October 1st. It will be modern in all its appointments, and will have its own heating plant.

Mr. George Katterjohn left at noon for Louisville to have his throat treated by a specialist.

LETTER TO MAYOR

Local Insurance Men Recommend Proper Action.

In the Communication it is Clearly Shown the Cause of the Raise.

UP TO THE COUNCIL NOW.

The insurance men of Paducah have indicated to Mayor Yeiser a letter which was sent him this morning, and speaks for itself, advocating prompt and proper action on the part of the city in regard to the increases demanded for the fire department. The letter is as follows, and will be read at the meeting of the council this evening.

Paducah, Ky., March 21, 1904.
Hon. D. A. Yeiser, Mayor,
City.

Dear Sir.—March 17th, 1904 a committee from Chicago and other points representing Fire Insurance Companies, visited our city and when they found that the various improvements suggested some time since, had only in part been started and understood that all of them would not be made this year, they ordered at once to attach to all new policies issued what is known as "the pink slip" (copy of which is enclosed) which compels all agents to make an additional charge of 25 per cent, and it was stated that same should remain in force until the improvements had been completed, and as this causes an increased burden on property owners it was suggested that a committee be named to advise the city government of the action taken, and also to state that as soon as the improvements are made, the extra charge would be abrogated and a refund made on such policies as the increase had been applied to, covering the unexpired portion of the contract.

Since 1890 the city has increased very much in population. The police force has been increased to meet the growth of the city. Streets and sidewalks are being made to accommodate the ever increasing population. A new hospital and market house are to be built, and many thousands of dollars spent for the improvement of the streets and still the fire department has not kept pace with the growth of the city. From a selfish standpoint, it would be best for agents of this city to let matters remain as they are now and thereby increase their income, but having the interest of the city at heart, we do hope that you will recommend to the General Council that action be taken at once so that this burden may be removed at an early date.

W. P. HUMMEL,
L. L. BEBOUT,
ABE WEILL,
Committee.

P.S.—We attach copy of improvements suggested and tenth item is not insisted upon.

The recommendations which follow have already been printed several times in Paducah and citizens are familiar with them.

OFFICIALS HERE

Vice President Harahan and Others Come on Inspection.

Additions Are Being Made to the Shop Force—Shortage in Switchmen.

OTHER RAILROAD NOTES.

Mr. J. T. Harahan, second vice president of the I. C. railroad and Mr. I. G. Rawn, general superintendent of transportation of the road, passed through the city yesterday afternoon from Evansville to Memphis.

They arrived at 4:30 on the Louisville and Fulton accommodation train and stopped off long enough to make an inspection of the shops. Superintendent A. H. Egan, of the Louisville division of the road, accompanied them here and made the inspection with the party.

At 6 o'clock the officials left on the fast train for Memphis and the south. This is a regular inspection trip over the road.

There is a shortage of switchmen in the local I. C. yards, the result of the St. Louis world's fair it is said.

This morning three engines were working with short crews and a foreman stated that it was indeed a hard matter to secure switchmen. "They are all going to St. Louis seeking positions," he explained, "so as to be in the Future Great during the fair. We are working at a disadvantage by the shortage and hope to secure full crews today, but this is improbable."

Saturday an order was posted increasing the painting forces in the local I. C. shops by the addition of four painters.

It will be remembered several painters were laid off in the fall and during the winter the company has worked but twelve painters. Four were added this morning, making a total of sixteen men. This summer more will be added until the working force amounts to twenty, the regular force.

Third Vice President Hackstaff, of the I. C., and family passed through the city Saturday night en route south from the east.

They traveled in their private car on the fast passenger train. Mr. Hackstaff is on a pleasure trip and remained here but a few minutes.

The compartment coach sent here from the Cadiz railroad several weeks ago, has been finished and will today be sent back. The car was in bad shape when it arrived but is now painted a dark red and is as good as the day it was originally turned out.

Master Mechanic Barton and family will leave Wednesday night for Chicago to reside. Mr. Barton, as already stated, has been promoted to the position of Master Mechanic at the Burnside shops, Chicago, and takes charge on the 24th.

Superintendent A. H. Egan, of the Louisville division of the I. C., returned to Louisville this morning after a business trip to the city.

COUNCIL MEETS

Tax Rate and Other Business for Tonight.

Board of Public Works Members Qualify at Last.

The council will hold its regular meeting this evening at the city hall, and among the things of importance to come up are the tax rate ordinance and the matter of extending the fire protection of the city.

Messrs. Ed Noble, S. A. Fowler and John G. Rinckleff have qualified as members of the Board of Public Works. Mr. Fowler has tendered to the mayor his resignation as city wharfmaster, and it is supposed that as the members have all qualified, they will hold a meeting at once and organize.

Mayor Yeiser has written to our congressmen asking them to support the bill in congress providing for the making of a model of all battleships named in honor of cities, one of which is Paducah. Should the bill be passed and the models made, they will be sent to each city by the government, and the one of the Paducah will be brought here and kept at the city hall.

SPRING IS HERE.

YESTERDAY WAS THE FIRST DAY AND ENDED WITH AN EQUINOXIAL STORM.

Yesterday, March 20th, according to the calendar, was the first day of spring, and marked the vernal equinox. The worst electrical disturbance of many months took place, the display beginning about 1 o'clock, and breaking in all its grandeur about 4:30.

Rain and hail fell, the latter in large quantities. Dr. J. G. Brooks, who was out making calls, says it was one of the most magnificent sights he ever saw, and that it exceeded anything he ever witnessed except the battle of Vicksburg. It fully equalled that in noise, he declares.

The storm seems to have been largely an electrical one, there being little or no wind, and it did no damage. The rainfall was half an inch.

EXCURSION TO ST. LOUIS.

A special excursion to St. Louis will be run by the Illinois Central Railroad Co. on March 24th, leaving Paducah about 9 a. m., and running via East Cairo. \$3 round trip. Tickets will be good returning on all trains including March 25th, but will not be good in sleeping cars, nor will baggage be checked on these tickets. There will be absolutely no extension of return limit granted for this occasion. As the excursion train will not make a stop after leaving the Union Depot except at Broadway, at which point no tickets are on sale passengers should procure their tickets at the Union Depot and take the train from that point. Stop will be made at Broadway but passengers without tickets will be charged full fare.

J. T. Donovan, Agent, Illinois Central Railroad company; G. A. Little, Ticket agent, Union Depot.

STATE MEETING

Of Kentucky Laundry Men to be Held Here.

Executive Committee Has Decided on Paducah as the Place.

DATE IS MAY 9 AND 10.

Mr. E. C. Clark, of the New City Steam Laundry, today received word from the executive committee of the State Laundry Association of Kentucky that Paducah had been selected as the place for holding the approaching state laundrymen's convention this year.

The laundrymen of Kentucky have quite a strong organization, and although Paducah has no branch of it, local laundrymen often attend the meetings, and had no trouble in inducing the association to hold its meeting here.

The date of the convention is May 9th and 10th. There will be about 75 or 100 regular members of the association here, and in addition representatives of all the big wholesale houses that handle laundry supplies. The convention is considered quite a good thing for the city, and Mr. Clark and other local laundrymen will see that the visitors are properly entertained.

It has not yet been definitely decided where the meetings will be held, but they will doubtless be at the city hall or one of the local lodge rooms.

It is practically certain that Paducah will soon have a branch of the Laundrymen's Association, after the state meeting, if not before.

THE OLD WAY

The City Will Probably This Year Have Regular Inspectors.

Ordinance to Be Introduced Providing for Relieving Police of the Duty.

It is likely that this year Paducah will again have regular sanitary officers. Last year the work of making sanitary inspections was left to the members of the force by a newly enacted ordinance, but the police commissioners think the police have enough to do without trying to look after this important matter, and from statements of various members of the two boards, a majority of the councilmen and aldermen are also of that opinion.

It is probable that tonight in the council will be introduced an ordinance providing for the election of two regular sanitary officers, who will have charge of the city's sanitation, one on each side of town.

There are already a number of prospective applicants for the position, and owing to the deplorable sanitary condition in which the city was allowed to get last year, it seems probable that the city will now return to the old way.

If the ordinance is not presented at tonight's council meeting, it will be at the board of aldermen meeting Thursday night.

FELL FROM LOFT

A BOY PAINFULLY INJURED IN MADISON STREET.

The seven year old son of Mr. Drafen, a carpenter who is building a house for Mr. Harry Lukens, on West Madison street, fell from the loft of the new house yesterday afternoon while playing with companions, and cut his chin badly. The boy was also badly bruised, but no bones were broken.

MEETING DAY CHANGED.

The Paducah Gun Club has changed its meeting day from Friday to Thursday afternoon, and the coming Thursday will have a live bird shoot, the first of the season. A large crowd is expected out to participate. The first practice shoot of the season was last Friday.

We Paid \$100,000

For Ligozone—Yet We Give You a 50c. Bottle Free.

This Company, after testing Ligozone for two years in the most difficult germ diseases, paid \$100,000 for the American rights. That is by far the highest price ever paid for similar rights on any scientific discovery.

We publish this fact to show you the value of Ligozone. Men of our class don't pay a price like that save for a product of remarkable worth to humanity.

Kills Inside Germs.

The reason for that price is this: Ligozone alone can kill germs in the body without killing the tissues too. Nothing else in the world is so good for the human body; yet Ligozone is a germicide so certain that we publish on every bottle an offer of \$1,000 for a germ that it cannot kill.

Ligozone destroys at once and forever the cause of any germ disease. And there is no other way to do it. Any drug that kills germs is a poison, and it cannot be taken internally. Medicine is helpless in troubles of this kind.

Not Medicine.

Ligozone is not made by compounding drugs. Its virtues are derived solely from gas, made in large part from the best oxygen producers. By a process requiring immense apparatus and 14 days' time, this gas is made part of the liquid product. Ligozone has, for more than 20 years, been the con-

stant subject of scientific and chemical research.

The result is a product that does what oxygen does. Oxygen is the very source of all vitality, the most essential element of life. Ligozone is a vitalizing tonic with which no other known product can compare. Its effects are exhilarating and purifying. But germs are vegetables; and Ligozone—like an excess of oxygen—is deadly to vegetable matter.

Ligozone goes wherever the blood goes, destroying every germ in the body. In this way it cures diseases which medicine never cures. It will do more for sick humanity than all the drugs in the world combined.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Ligozone kills the germs, wherever they are, and the results are inevitable. By destroying the cause of the trouble, it invariably ends the disease, and forever.

HIGH TRIBUTE

Is Paid Prof. Charles Davis, Formerly of Paducah.

Louisville Paper Says He Will Leave Louisville if His Health Permits.

In connection with his picture the Louisville Herald says of Prof. Charles M. Davis, formerly of this city for whom a benefit will be given at Temple Israel tomorrow evening:

The announcement that Charles M. Davis, organist-director at the First Christian church, is to retire from his position and to leave Louisville on account of ill health comes as an unwelcome news to many who have become acquainted with him and his work within the short period of time he has been here. The reputation which he had attained as a composer of church music, organist and writer on musical topics previous to his coming here made him a desirable acquisition to the professional element in Louisville, and it is a matter of deepest regret that his indisposition has been of such prolonged duration that it prevented his giving the series of recitals which he hoped to give at intervals during the present Lenten season.

It is a pity that one of his calibre and promise should be cut down so early in life, especially when he was beginning to receive such general recognition as a composer and musician. He has not decided as yet where he will go should he ever regain sufficient strength to permit of his making a trip. The church which he served so faithfully and to which he had endeared himself in many ways is loath to part with his services, and here of late has provided a substitute without expense to him. It is not definitely settled who is to succeed him.

STILL AT LARGE

BURGLAR WHO SHOT EXPRESS AGENT NOT CAUGHT—AGENT BETTER.

Mr. C. F. Abbott, route agent for the American Express company, has returned from Cereulean Springs where Agent Laymon was Friday night robbed and shot.

Mr. Laymon was brought here and is in the hospital. He was awakened by a noise and thinking some one was trying to get into the freight house got up to investigate. In making for the door he ran into the burglar who was already in the house and trying to get out. The burglar grabbed him by one arm and shot once, the ball striking the left arm.

Two hundred dollars were secured from Mr. Laymon's pants pockets. The burglar has not been caught.

HAD GOOD SPORT.

Dr. P. H. Stewart and Col. Ben Wells went duck hunting yesterday and claim they killed seventeen, which they doubtless did, as they are both fine shots. Ducks are reported quite plentiful in this section now.

OFFICIALS HERE

Vice President Harahan and Others Come on Inspection.

Additions Are Being Made to the Shop Force—Shortage in Switchmen.

OTHER RAILROAD NOTES.

Mr. J. T. Harahan, second vice president of the I. C. railroad and Mr. I. G. Rawn, general superintendent of transportation of the road, passed through the city yesterday afternoon from Evansville to Memphis.

They arrived at 4:30 on the Louisville and Fulton accommodation train and stopped off long enough to make an inspection of the shops. Superintendent A. H. Egan, of the Louisville division of the road, accompanied them here and made the inspection with the party.

At 6 o'clock the officials left on the fast train for Memphis and the south. This is a regular inspection trip over the road.

There is a shortage of switchmen in the local I. C. yards, the result of the St. Louis world's fair it is said.

This morning three engines were working with short crews and a foreman stated that it was indeed a hard matter to secure switchmen. "They are all going to St. Louis seeking positions," he explained, "so as to be in the Future Great during the fair. We are working at a disadvantage by the shortage and hope to secure full crews today, but this is improbable."

Saturday an order was posted increasing the painting forces in the local I. C. shops by the addition of four painters.

It will be remembered several painters were laid off in the fall and during the winter the company has worked but twelve painters. Four were added this morning, making a total of sixteen men. This summer more will be added until the working force amounts to twenty, the regular force.

Third Vice President Hackstaff, of the I. C., and family passed through the city Saturday night en route south from the east.

They traveled in their private car on the fast passenger train. Mr. Hackstaff is on a pleasure trip and remained here but a few minutes.

The compartment coach sent here from the Cadiz railroad several weeks ago, has been finished and will today be sent back. The car was in bad shape when it arrived but is now painted a dark red and is as good as the day it was originally turned out.

Master Mechanic Barton and family will leave Wednesday night for Chicago to reside. Mr. Barton, as already stated, has been promoted to the position of Master Mechanic at the Burnside shops, Chicago, and takes charge on the 24th.

Superintendent A. H. Egan, of the Louisville division of the I. C., returned to Louisville this morning after a business trip to the city.

COUNCIL MEETS

Tax Rate and Other Business for Tonight.

Board of Public Works Members Qualify at Last.

The council will hold its regular meeting this evening at the city hall, and among the things of importance to come up are the tax rate ordinance and the matter of extending the fire protection of the city.

Messrs. Ed Noble, S. A. Fowler and John G. Rinckleff have qualified as members of the Board of Public Works. Mr. Fowler has tendered to the mayor his resignation as city wharfmaster, and it is supposed that as the members have all qualified, they will hold a meeting at once and organize.

Mayor Yeiser has written to our congressmen asking them to support the bill in congress providing for the making of a model of all battleships named in honor of cities, one of which is Paducah. Should the bill be passed and the models made, they will be sent to each city by the government, and the one of the Paducah will be brought here and kept at the city hall.

SPRING IS HERE.

YESTERDAY WAS THE FIRST DAY AND ENDED WITH AN EQUINOXIAL STORM.

Yesterday, March 20th, according to the calendar, was the first day of spring, and marked the vernal equinox. The worst electrical disturbance of many months took place, the display beginning about 1 o'clock, and breaking in all its grandeur about 4:30.

Rain and hail fell, the latter in large quantities. Dr. J. G. Brooks, who was out making calls, says it was one of the most magnificent sights he ever saw, and that it exceeded anything he ever witnessed except the battle of Vicksburg. It fully equalled that in noise, he declares.

The storm seems to have been largely an electrical one, there being little or no wind, and it did no damage. The rainfall was half an inch.

EXCURSION TO ST. LOUIS.

A special excursion to St. Louis will be run by the Illinois Central Railroad Co. on March 24th, leaving Paducah about 9 a. m., and running via East Cairo. \$3 round trip. Tickets will be good returning on all trains including March 28th, but will not be good in sleeping cars, nor will baggage be checked on these tickets. There will be absolutely no extension of return limit granted for this occasion. As the excursion train will not make a stop after leaving the Union Depot except at Broadway, at which point no tickets are on sale passengers should procure their tickets at the Union Depot and take the train from that point. Stop will be made at Broadway but passengers without tickets will be charged full fare.

DEATH IN GRAVES.

Mayfield, Ky., March 21—Mrs. James Cissell died northeast of Fancy Farm of pneumonia. Mrs. Cissell was about 23 years of age and a devoted member of the Catholic church. She leaves a husband and two children, one an infant about three weeks old.

INVALUABLE FOR RHEUMATISM

I have been suffering for the past few years with a severe attack of rheumatism and found that Ballard's Snow-Liniment was the only thing that gave me satisfaction and tended to alleviate my pains. SUES FOR \$5,000.

Edmund Moore has filed suit in circuit court against R. B. Phillips and George O. Wallace, lessees of the Alden Knitting mills, for \$5,000 damages for injuries alleged to have been received in an elevator accident some time ago.

Attorney Frank Lucas returned from Wingo today.

STATE MEETING

Of Kentucky Laundry Men to be Held Here.

Executive Committee Has Decided on Paducah as the Place.

DATE IS MAY 9 AND 10.

Mr. E. C. Clark, of the New City Steam Laundry, today received word from the executive committee of the State Laundry Association of Kentucky that Paducah had been selected as the place for holding the approaching state laundrymen's convention this year.

The laundrymen of Kentucky have quite a strong organization, and although Paducah has no branch of it, local laundrymen often attend the meetings, and had no trouble in inducing the association to hold its meeting here.

The date of the convention is May 9th and 10th. There will be about 75 or 100 regular members of the association here, and in addition representatives of all the big wholesale houses that handle laundry supplies. The convention is considered quite a good thing for the city, and Mr. Clark and other local laundrymen will see that the visitors are properly entertained.

It has not yet been definitely decided where the meetings will be held, but they will doubtless be at the city hall or one of the local lodge rooms.

It is practically certain that Paducah will soon have a branch of the Laundrymen's Association, after the state meeting, if not before.

THE OLD WAY

The City Will Probably This Year Have Regular Inspectors.

Ordinance to Be Introduced Providing for Relieving Police of the Duty.

It is likely that this year Paducah will again have regular sanitary officers. Last year the work of making sanitary inspections was left to the members of the force by a newly enacted ordinance, but the police commissioners think the police have enough to do without trying to look after this important matter, and from statements of various members of the two boards, a majority of the councilmen and aldermen are also of that opinion.

It is probable that tonight in the council will be introduced an ordinance providing for the election of two regular sanitary officers, who will have charge of the city's sanitation, one on each side of town.

There are already a number of prospective applicants for the position, and owing to the deplorable sanitary condition in which the city was allowed to get last year, it seems probable that the city will now return to the old way.

If the ordinance is not presented at tonight's council meeting, it will be at the board of aldermen meeting Thursday night.

FELL FROM LOFT

A BOY PAINFULLY INJURED IN MADISON STREET.

The seven year old son of Mr. Drafen, a carpenter who is building a house for Mr. Harry Lukens, on West Madison street, fell from the loft of the new house yesterday afternoon while playing with companions, and cut his chin badly. The boy was also badly bruised, but no bones were broken.

MEETING DAY CHANGED.

The Paducah Gun Club has changed its meeting day from Friday to Thursday afternoon, and the coming Thursday will have a live bird shoot, the first of the season. A large crowd is expected out to participate. The first practice shoot of the season was last Friday.

We Paid \$100,000

For Ligozone—Yet We Give You a 50c. Bottle Free.

This Company, after testing Ligozone for two years in the most difficult germ diseases, paid \$100,000 for the American rights. That is by far the highest price ever paid for similar rights on any scientific discovery.

We publish this fact to show you the value of Ligozone. Men of our class don't pay a price like that save for a product of remarkable worth to humanity.

Kills Inside Germs.

The reason for that price is this: Ligozone alone can kill germs in the body without killing the tissues too. Nothing else in the world is so good for the human body; yet Ligozone is a germicide so certain that we publish on every bottle an offer of \$1,000 for a germ that it cannot kill. Ligozone destroys at once and forever the cause of any germ disease. And there is no other way to do it. Any drug that kills germs is a poison, and it cannot be taken internally. Medicine is helpless in troubles of this kind.

Not Medicine.

Ligozone is not made by compounding drugs. Its virtues are derived solely from gas, made in large part from the best oxygen producers. By a process requiring immense apparatus and 14 days time, this gas is made part of the liquid product. Ligozone has, for more than 20 years, been the con-

stant subject of scientific and chemical research.

The result is a product that does what oxygen does. Oxygen is the very source of all vitality, the most essential element of life. Ligozone is a vitalizing tonic with which no other known product can compare. Its effects are exhilarating and purifying. But germs are vegetables; and Ligozone—like an excess of oxygen—is deadly to vegetable matter.

Ligozone goes wherever the blood goes, destroying every germ in the body. In this way it cures diseases which medicine never cures. It will do more for sick humanity than all the drugs in the world combined.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Ligozone kills the germs, wherever they are, and the results are inevitable. By destroying the cause of the trouble, it invariably ends the disease, and forever.

Asthma, Anemia, Hay Fever, Influenza, Kidney Diseases, La Grippe, Leucorrhea, Liver Troubles, Malaria, Neuritis, Many Heart Troubles, Piles, Pneumonia, Pleurisy, Quinsy, Rheumatism, Stomach Diseases, Scrofula, Syphilis, Stomach Troubles, Throat Diseases, Tuberculosis, Tumors, Uterine Diseases, Women's Diseases.

Throat Diseases, Tuberculosis, Tumors, Uterine Diseases, Women's Diseases.

All diseases that begin with fever—all inflammation—all catarrh—all contagious diseases—all the results of impure or poisonous blood. In nervous debility Ligozone acts as a vitalizer, accomplishing what no drugs can do.

50c. Bottle Free

If you need Ligozone, and have never tried it, please send us this coupon. We will then mail you an order on your local druggist for a full-size bottle, and we will pay your druggist ourselves for it. This is our free gift, made to convince you; to show you what Ligozone is, and what it can do. In justice to yourself, please accept it to-day, for it places you under no obligation whatever.

Ligozone costs 50c. and \$1.

For this offer may not appear again. Fill out the blanks and mail it to the Liquid Ozone Co., 432-434 Wabash Ave., Chicago.

STATE NEWS

Mrs. Cox, Alleged Poisoner, Declines to Leave Benton.

One of the Pembroke Murderers Gets Off With a Life Sentence at Hopkinsville.

COURT ENDS AT PRINCETON

Benton, Ky., March 21.—Mrs. Wm. Cox and W. R. Burtram, who were both acquitted of the charge of murder, are now in jail here paying their fines for illegal selling whisky. Mrs. Cox was informed by the court that if she would leave this county and promise never to return, her fine would be remitted. She refused. Her fine is \$150 or seventy-five days in jail.

GETS LIFE SENTENCE.

Hopkinsville, Ky., March 21.—The jury in the case of Bill Garrett, charged with complicity in the Pembroke murder returned a verdict of guilty and fixed his punishment at life imprisonment. The jury had been deliberating since Wednesday. This was the only case out of five tried so far in which the punishment has been anything less than death.

HAGER REPUDIATES LUCAS.

Frankfort, Ky., March 21.—State Auditor Hager has written E. A. Lucas, of Paducah, repudiating all the suits filed by him against corporations, including those against state banks. He says that Lucas' term in office has expired, but if it had not he (Lucas) has no power to file suits unless authorized to do so by the auditor. This will test ex Auditor Coulter's right to appoint four agents for the state at large for four years in the second year of his term.

THE STATE CAPITOL COMMISSION.

Frankfort, Ky., March 21.—The State Capitol Commission met in the State Executive Department and organized for the work before it. Henry B. Ware, of Frankfort, was elected secretary at a salary of \$1,200 per year.

The commission adjourned to meet April 7 next when architects desiring to submit plans will be heard, and candidates for superintendent of construction will be heard. No definite action will then be taken.

FIREMAN FATALLY HURT.

Henderson, Ky., March 21.—The wall of the Henderson Woolen Mills, which burned here, fell in badly crushing Fire Captain Jas. F. Turner, breaking one arm and both legs. It is thought his injuries are fatal.

MARRIED IN TENNESSEE.

Benton, Ky., March 21.—B. C. Binkley and Miss Nettie Reader, of Fristoe, this county, eloped to Paris, Tenn., and were married.

PRINCETON COURT OVER.

Princeton, Ky., March 20.—Circuit court has ended here and the session was one of the busiest ever held. The following convictions were made:

Joe Murphy, white, burning a school house, 30 days in jail.

Frank Thomas, white, for stealing goods from a railroad wreck, 14 months.

Pid Alexander and Sol Hicks, white, robbing wreck, 30 days each.

And Stewart, white, one year for shooting at and wounding.

Bib Wason, colored, two years for shooting and wounding.

Feed Crossland, colored, two years for false swearing.

Israel McNary, colored, 18 months for shooting and wounding.

John Maston, colored, fined \$50 for illegal voting.

Nellie Murphy, colored, 6 years for snatching a pocket book containing \$3.

Ben Pollard and Harvey McOnesney, colored, one year each for malicious wounding.

Cordie Grubbs, colored, one year for shooting and wounding.

Will Lander, colored, four years for grand larceny.

A BOILER LETS GO.

The steel dome of a boiler at the Leonard Wagon Material company at Brookport, Ill., exploded about 5 o'clock Saturday afternoon with a noise that was plainly heard in Paducah. The building was partially wrecked, but no one was hurt.

COURT BEGINS

Judge Wm. Reed Opens a Special Criminal Term Today.

Those in Jail and Already Indicted Are to be Given Trials.

COURT MAY LAST TWO WEEKS.

The special criminal term of circuit court called by Judge W. M. Reed for the purpose of disposing of criminal cases on the docket and not reached at the December term of court, began at the court house today.

Commonwealth's Attorney John G. Lovett, who assumed the duties of office in January, is now appearing for the commonwealth in the McCracken circuit court for the first time, this being the first criminal term held here since he became Commonwealth's Attorney. The statement that a grand jury would be impaneled was an error. The prisoners to be tried have all already been indicted. They are:

Willis Mount, murder; George Day, murder; George Wyatt, forgery; Dock Jackson, attempt at robbery; Gabe Fletcher, attempt at robbery; Robert Fields, arson; John Perry, grand larceny; Arthur Crawford, grand larceny; Will Scott, malicious cutting; Tom Martin, malicious cutting; Tom Kelley, false swearing; George Edwards, grand larceny; John Underwood, malicious cutting; Louis Garner, grand larceny; Charley Harris, attempt at arson; Charley Saunders, grand larceny; Ed Walbert, malicious shooting; John Blake, grand larceny.

The following prisoners are awaiting the action of the grand jury:

Frank Lyons, malicious shooting; Robert Reeves, grand larceny; James Scott, obtaining money by false pretense; James Smith, malicious striking; Will Russell, forgery; Lewis Smithers, malicious shooting; Jerry Clark, malicious shooting; Tom Woods, malicious cutting; Henry Hobbs, malicious assault; John Henry, house breaking; Harry Thacker, grand larceny; Alonzo Bradley, false swearing.

ENTERPRISE, INGENUITY AND ORIGINALITY.

Say something against Lax Fes in the presence of those who have taken it and you'll be sorry. Every person using Lax Fes will tell you an interesting story of how it cured them.

Lax Fes is the very latest example of medical enterprise, ingenuity and originality. Those who have been sick, and others, say, Lax Fes is the best medicine made. To make it a little better than any other remedy even though it cost more is an investment and not an expense to the S. H. Winstead Medicine Co. No advertisement is equal to having people say Lax Fes is the best. To succeed in any business give the consumer more than you promise. That is done in Lax Fes. It cures indigestion, constipation, kidney and liver trouble. Its good effects are felt at once. Take no substitute. The genuine is sold on the money back plan by druggists everywhere.

PRAISE FOR CAMPBELL.

We are glad to note the fact that our Senator J. Wheeler Campbell and Senator George, of Graves county, took a vigorous stand on the side of morality, when the Guffy gambling bill was under discussion in the senate. They both made strong speeches, that had no uncertain sound in them. West Kentucky is proud to claim them as her own.—Benton Tribune.

SOME NEW LAWS

Representative Clark's Bill Considered Quite Important.

Under Newly Enacted Legislation Men Garnished May Appeal to Higher Court.

ONE BILL IS NOT SIGNED

Frankfort, Ky., March 21.—In two measures passed at the session of the general assembly just closed will the laborer for wages be especially interested. They are the bill of Representative W. C. Clark, of Paducah, repealing Section 5 of the exemption laws, and the bill of Senator Nat A. Porter, of Warren county, amending the act of 1893 relating to courts of justice. Both affect the laws as to garnishment of wages.

The Clark bill, which has already been signed by the governor and is a law, repeals the section of the exemption laws adopted at the 1902 session, which reads as follows: "The wages, not to exceed \$50, of all persons who work for wages, shall be exempt from execution, attachment, distress for rent, garnishment of fee bills: Provided, That the exemption of \$50 shall not apply to debts contracted for food, raiment, or house rent for the family." The Porter measure, which is before the executive awaiting action by him, amends the present law as to courts of justice so as to authorize appeals from all judgments and orders in civil cases of magistrates, fiscal, city and ordinance courts to the quarterly court. The present law permits appeals only when the value in controversy is over \$10, exclusive of interest and costs. Under its provisions the magistrate of a district could give judgment in a garnishment case for \$9.50 or any smaller amount, and the person against whom it is given could not appeal the case to a higher court. The Porter amendment insures the hearing of the case before a judge who is a lawyer, if the party garnished desires such a hearing, and is in the interest of the man who has been garnished. It was argued by the advocates of the two measures that they will be of much benefit to the man who labors for wages, and happens to be garnished, insuring him a hearing before a judge, and making definite the law as to garnishments.

GEORGE SMITH.

THE WELL KNOWN VIOLINIST MAKES A GREAT SUCCESS.

George Smith, the young Louisville violinist, who taught in Paducah for a while, and has been making an extended tour in Australia with his company of artists, appears to be making a great success of his work in that far-off land. The following from "The West Australian," of Sydney, is a complimentary notice which may be of interest to his Louisville friends:

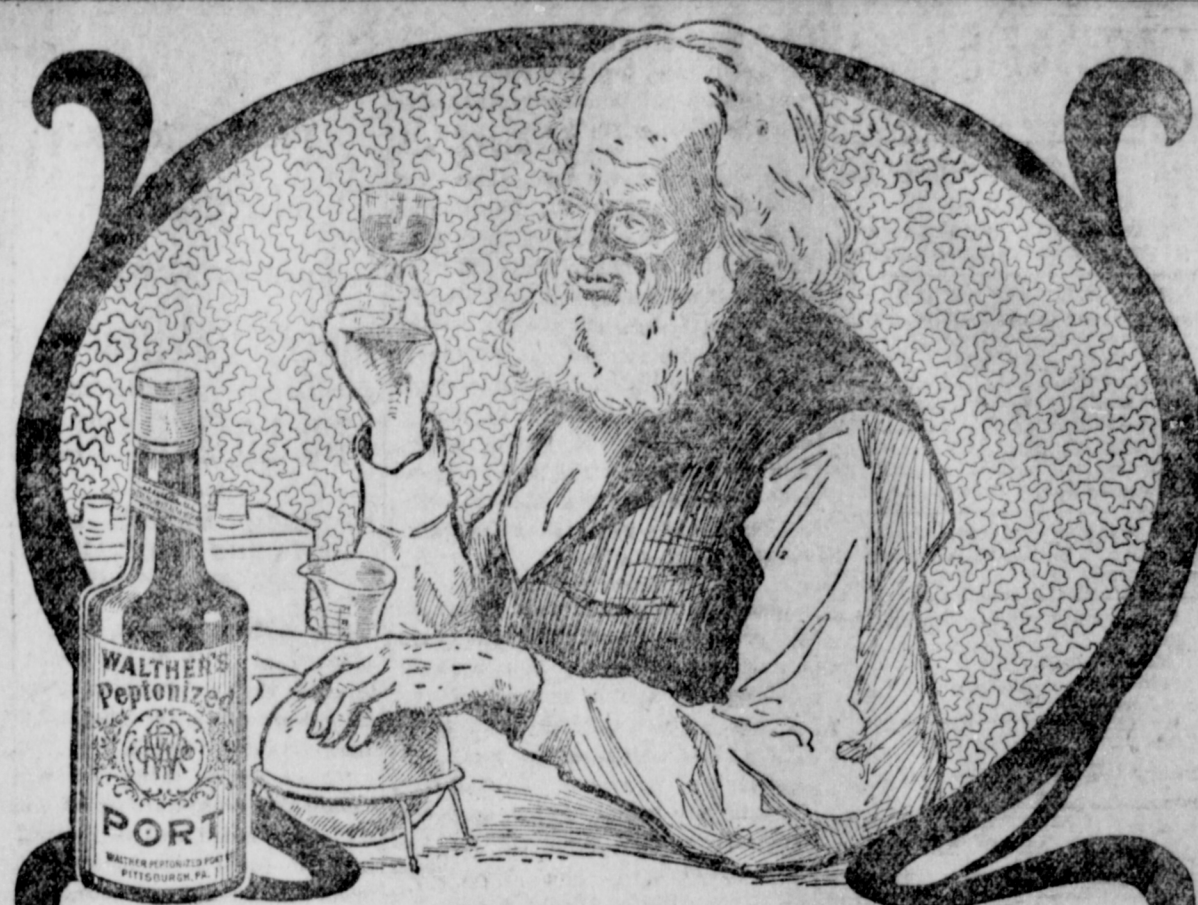

"Mr. George Smith, an American violinist, appeared with his company at the Royal theater last evening before a packed house. Mr. Smith is one of the great young violinists before the public. His tone is simply marvelous, while his bowing is incomparable. The effects he produced cannot be described in words; they must be heard for one to have the slightest conception of their beauty. In a word his playing is enthralling and entrancing."

He will return to America and make a western tour, his first appearance being in San Francisco, April 14. He will spend the month of June in Lexington with friends.

CURED CONSUMPTION.

Mrs. B. W. Evans, Charwater, Kan., writes: "My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup and it cured him. That was six years ago and since then we have always kept a bottle in the house. We can not do without it. For coughs and colds it has no equal." 25c, 50c and \$1.00. Sold by Du Bois Kolb & Co., Paducah, Ky.

Mr. G. P. Thomas, of Trigg county, was in the city on yesterday on business.

BLUEBIRDS ARE HERE.

Bluebirds are here in great numbers, according to the farmers. It is claimed by some that the bluebirds disappeared eleven years ago, many believe because of the English spar-

row, and that had not been back until

this spring. This is denied by farmers around Paducah, who claim that the bluebirds are here regularly every year, but are more plentiful this year than for sometime.

WILL BE THE SAME.

There is talk in some of the surrounding cities of raising the price of ice for this year, but it is announced in Paducah that the price will be the same, forty cents a hundred.

Lovett, who assumed the duties of office in January, is now appearing for the commonwealth in the McCracken circuit court for the first time, this being the first criminal term held here since he became Commonwealth's Attorney. The statement that a grand jury would be impaneled was an error. The prisoners to be tried have all already been indicted. They are:

Willis Mount, murder; George Day, murder; George Wyatt, forgery; Dock Jackson, attempt at robbery; Gabe Fletcher, attempt at robbery; Robert Fields, arson; John Perry, grand larceny; Arthur Crawford, grand larceny; Will Scott, malicious cutting; Tom Martin, malicious cutting; Tom Keller, false swearing; George Edwards, grand larceny; John O'nderwood, malicious cutting; Louis Gardner, grand larceny; Charley Harris, attempt at arson; Charley Saunders, grand larceny; Ed Walbert, malicious shooting; John Blake, grand larceny.

The following prisoners are awaiting the action of the grand jury:

Frank Lyons, malicious shooting; Robert Reeves, grand larceny; James Scott, obtaining money by false pretense; James Smith, malicious striking; Will Russell, forgery; Lewis Smithers, malicious shooting; Jerry Clark, malicious shooting; Tom Woods, malicious cutting; Henry Hobbs, malicious assault; John Henry, house breaking; Harry Thacker, grand larceny; Alonzo Bradley, false swearing.

ENTERPRISE, INGENUITY AND ORIGINALITY.

Say something against Lax Foe in the presence of those who have taken it and you'll be sorry. Every person using Lax Foe will tell you an interesting story of how it cured them.

Lax Foe is the very latest example of medical enterprise, ingenuity and originality. Those who have been sick, and others, say, Lax Foe is the best medicine made. To make it a little better than any other remedy even though it cost more is an investment and not an expense to the S. H. Winstead Medicine Co. No advertisement is equal to having people say Lax Foe is the best. To succeed in any business give the consumer more than you promise. That is done in Lax Foe. It cures indigestion, constipation, kidney and liver trouble. Its good effects are felt at once. Take no substitute. The genuine is sold on the money back plan by druggists everywhere.

PRAISE FOR CAMPBELL.

We are glad to note the fact that our Senator J. Wheeler Campbell and Senator George, of Graves county, took a vigorous stand on the side of morality, when the Guffy gambling bill was under discussion in the senate. They both made strong speeches, that had no uncertain sound in them. West Kentucky is proud to claim them as her own.—Benton Tribune.

SOME NEW LAWS

Representative Clark's Bill Considered Quite Important.

Under Newly Enacted Legislation Men Garnished May Appeal to Higher Court.

ONE BILL IS NOT SIGNED

Frankfort, Ky., March 21.—In two measures passed at the session of the general assembly just closed will the laborer for wages be especially interested. They are the bill of Representative W. C. Clark, of Paducah, repealing Section 5 of the exemption laws, and the bill of Senator Nat A. Porter, of Warren county, amending the act of 1893 relating to courts of justice. Both affect the laws as to garnishment of wages.

The Clark bill, which has already been signed by the governor and is a law, repeals the section of the exemption laws adopted at the 1902 session, which reads as follows: "The wages, not to exceed \$50, of all persons who work for wages, shall be exempt from execution, attachment, distress for rent, garnishment of fee bills: Provided, That the exemption of \$50 shall not apply to debts contracted for food, raiment, or home rent for the family." The Porter measure, which is before the executive awaiting action by him, amends the present law as to courts of justice so as to authorize appeals from all judgments and orders in civil cases of magistrates, fiscal, city and ordinance courts to the quarterly court. The present law permits appeals only when the value in controversy is over \$10, exclusive of interest and costs. Under its provisions the magistrate of a district could give judgment in a garnishment case for \$9.50 or any smaller amount, and the person against whom it is given could not appeal the case to a higher court. The Porter amendment insures the hearing of the case before a judge who is a lawyer, if the party garnished desires such a hearing, and is in the interest of the man who has been garnished. It was argued by the advocates of the two measures that they will be of much benefit to the man who labors for wages, and happens to be garnished, insuring him a hearing before a judge, and making definite the law as to garnishments.

GEORGE SMITH.

THE WELL KNOWN VIOLINIST MAKES A GREAT SUCCESS.

George Smith, the young Louisville violinist, who taught in Paducah for a while, and has been making an extended tour in Australia with his company of artists, appears to be making a great success of his work in that far-off land. The following from "The West Australian," of Sydney, is a complimentary notice which may be of interest to his Louisville friends:

"Mr. George Smith, an American violinist, appeared with his company at the Royal theater last evening before a packed house. Mr. Smith is one of the great young violinists before the public. His tone is simply marvelous, while his bowing is incomparable. The effects he produced cannot be described in words; they must be heard for one to have the slightest conception of their beauty. In a word his playing is entralling and entrancing."

He will return to America and make a western tour, his first appearance being in San Francisco, April 14. He will spend the month of June in Lexington with friends.

CURED CONSUMPTION.

Mrs. B. W. Evans, Charwater, Kan., writes: "My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup and it cured him. That was six years ago and since then we have always kept a bottle in the house. We can not do without it. For coughs and colds it has no equal." 25c, 50c and \$1.00. Sold by Du Bois Kolb & Co., Paducah, Ky.

Mr. G. P. Thomas, of Trigg county, was in the city on yesterday on business.

BLUEBIRDS ARE HERE. Bluebirds are here in great numbers, according to the farmers. It is claimed by some that the bluebirds disappeared eleven years ago, many believe because of the English sparrows, and that had not been back until this spring. This is denied by farmers around Paducah, who claim that the bluebirds are here regularly every year, but are more plentiful this year than for sometime.

WILL BE THE SAME. There is talk in some of the surrounding cities of raising the price of ice for this year, but it is announced in Paducah that the price will be the same, forty cents a hundred.

DAILY THOUGHT.

"The life of man upon this fair
earth is made up for the most part of
little plans and little pleasures. The
great wonder-flowers bloom but once
in a lifetime."

THE WEATHER.

Rain and warmer tonight. Tues-
day rain followed by fair in afternoon.

Congressman Ollie M. James has
come all the way back to Kentucky to
tell the people that the presidential
race is between Parker and Hearst.
The question is, which is Congress-
man James for?

There is one thing about all that
whitewash the legislative investigating
committees used on the administra-
tion. The unsightly things it is in-
tended to cover are still there, and
whitewash doesn't last long.

The governor is considering and
signing, or vetoing, the newly made
laws of our commonwealth. He has
vetoed quite a number of them, and
has such an amount of work still
ahead of him that he will grant no
one personal interviews for several
days.

A New York expert who went to
Chicago to investigate police efficien-
cy reports that about 400 of Chicago's
"finest" ought to be fired for incom-
petency. He declares that Chicago's
police are about the worst he ever
saw. This all may be news to the
cops, but it may not be to others.

The success of General Leonard Wood
in being victorious over his enemies
in Congress shows that a good man is
not often badly hurt by political hos-
tility. This is about all there ever
was against Gen. Wood. The vindica-
tion of his character and record is
something he should be proud of, for
he had some powerful enemies at work
against him.

Owensboro is trying to settle the
question of who is responsible for the
condition of some of the streets, the
city or the street car company. The
city is always responsible for the con-
dition of the streets. Those corpora-
tions that are obligated by law or
contract to keep up a portion of the
streets will do it if city officials do
their duty and require it of them. If
they do not, it is conclusive evidence
that the city officials have neglected
their duty.

The last legislature seems to have
botched up things for Lewis county.
It has been discovered that by an er-
ror of some kind the new county of
Beckham takes in half of Lewis county,
including the county seat. The
other portion has no government, and
an appeal to the court of appeals or
an extra session of the legislature are

the only remedies talked of. That's
what they get for forming counties
without any legal authority and, con-
trary to the constitution.

Speaking of mean men, they have
unearthed some in St. Louis who
discount all the boddies that ever
came to the surface. The men were
coroner's assistants, and have been in-
dicted on several charges for having
stolen jewelry, money and other prop-
erty belonging to dead men whose
bodies were temporarily in charge
of the coroner. It is not known
how long this work has been going on,
nor to what extent it has been suc-
cessful, but the men are at least tem-
porarily out of a job.

Auditor Hager deserves credit for
so promptly repudiating the suits
brought by one of the so-called audi-
tor's agents against several hundred
of our state financial institutions. These
suits, ever since the position of
auditor's agent was established, have
been largely attempts to gouge people
and institutions under the forms of
law, and it is time they were being
stopped. Some of these auditor's
agents as in this case, without the
knowledge or authority of the auditor
himself, whom they are supposed to
represent, seem willing to strike at
the credit and prosperity of anything
in the entire state, regardless of re-
sults, solely for the commission they
may get if their claims are upheld.

EIGHT COUNTS

OLLIE BEATTIE CONVICTED OF
RAISING AND PASSING BILLS.

Louisville, Ky., March 21—Ollie
Beatty, of Fordville, Ky., was con-
victed on eight counts charging rais-
ing \$1 bills to \$10 bills and attempt-
ing to pass them.

The jury was out but a few minutes
before returning with a verdict con-
victing the accused on every count in
the indictment.

Beatty was arrested as he stepped
from a train at Union depot by a so-
cret service agent, who had been in-
formed by C. L. Williamson that
Beatty was coming to Louisville for
the purpose of passing raised notes.
He was searched and on the inside
pocket of his vest was found an en-
velope containing five bills which had
been raised. The work was crude and
easily detected. When his photograph
in establishment at Fordville was
searched the instruments, dyes and
materials for raising the bills were
found. Beatty, who was represented
by Morton K. Yonts, denied the
charge and alleged that some one had
slipped the raised bills into his pocket.
His father sat with him during
the trial of the case and seemed more
oppressed by the verdict than did the
prisoner. Sentence was not passed
by Judge Evans yesterday and the
prisoner was taken to jail to await the
pleasure of the court.

BUGGY BROKEN

BUT DR. BASS ESCAPED SERI-
OUS INJURY.

Dr. Johnston Bass had a narrow es-
cape from serious injury Saturday
evening at the Tennessee street cross-
ing of the I. O. railroad.

He was driving out Tennessee street
to visit a patient and at the railroad
crossing stopped to let a switch engine
pass. His horse became frightened at
the steam and shied. The buggy was
dashed into a telegraph pole and an
axle broken and the vehicle otherwise
slightly damaged.

Dr. Bass escaped injury.

PISTOL STOLEN

MAN ARRESTED BUT THE WEAP-
ON HAS NOT YET BEEN
RECOVERED.

Albert Marshall, colored, was arrest-
ed last night on a charge of stealing a
pistol from Ed Orider, mate on a
steamboat. The pistol has not been
recovered, and the accused will prob-
ably be held until more evidence is
discovered.

REPUBLICAN WON

CIRCUIT CLERKSHIP OF MET-
CALFE COUNTY IS SETTLED.

Burkeville, Ky., March 21—In the
contested election case of John U.
Young vs James A. Hamilton, for
circuit clerk of Metcalfe county, Judge
H. C. Baker decided in favor of
Young, the Republican. John U.
Young, his Republican opponent,
claimed fraud and instituted a con-
test. In the meantime Hamilton
qualified and has been serving. The
ballot boxes were opened and ballots
counted in open court, showing a ma-
jority of 26 for Young.

A great deal of bitter feeling has
been aroused over the matter and it is
claimed that this was indirectly the
cause of the death of Judge George
R. Price, who was shot and killed a
few weeks ago by Robert E. McCand-
less.

Hamilton has appealed the case to
the court of appeals.

so very nervous at times he would
have to give up his work and come
home. His eyes were failing him and
the doctor became alarmed—was
afraid he was going to lose his sight.
He also got very yellow in complexion,
at times his blood ran cold, from
nervous chills the doctor said.

"In a few days he would return to
work still in that dull, chilly condi-
tion. He would drink coffee, coffee,
coffee, for a stimulant he would say
(as he drank no liquor.)

"His condition gradually got worse
instead of better until finally I made
up my mind coffee had something to
do with it, so bought a package of
Postum without telling him, and made
it according to directions. He drank
it and seemed to like it so I continued
to make it and before the first package
was gone he began to get so clear of
complexion and feel so well, gaining
fast in flesh, he was so delighted he
would get weighed every day.

"Finally he talked so much about
it (he gained 10 pounds in 10 days) I
could not keep it a secret any longer
and told him to give Postum the cred-
it. The consequences are there has
been no more coffee in the house
since (and no doctor either.)

"Postum is a delightful drink made
according to directions, I have found
no better way as it is a rich golden
brown when cream is added.

"I forgot to say husband's eyes are
as strong as they ever were, he is well
and hearty, does not sit around the
stove chilled all the time as he did be-
fore." Name given by Postum Co.,
Battle Creek, Mich.

Coffee poison causes eye trouble in
many cases as well as other ills, and
is never suspected. A 10 day's trial
proves things you will never forget.

J. W. BROWN FILES ARTICLES
OF SEPARATION TODAY.

Attorney Sam Houston today filed
a suit in circuit court for J. Wesley
Brown against Leona F. Brown, his
wife, the suit being filed in the form
of an agreement of separation.

The petition states that the defend-
ant abandoned the plaintiff in March

and that since that time he has at-
tempted to effect a reconciliation but
to no avail. He filed agreement of
separation between his wife, her father
and himself in which he gives her
certain household effects with \$200
and does not stand responsible for her
debts contracted after separation.

SURE INDICATIONS OF BAD BLOOD

OLD SORES, ULCERS, ABSCESSSES

The best evidence of a bad condition of the blood and unhealthy state of the system, is an old festering sore, running ulcer, or abscess. They show the bodily impurities are not passing out through the proper channels, but are left in the system to clog and poison the blood. So thoroughly does the poison permeate the system that every little scratch, cut or bruise inflames and festers. Everything about an old sore or ulcer suggests disease. They affect the general health, they require constant attention, and are a source of anxiety and trouble all the time, and in some cases highly offensive. There is danger, too, of these places becoming cancerous if not treated promptly and in the right way. Washes, salves and ointments are good for external use, but they can't stop the discharge or change the condition of the blood, and for this reason the sore never heals permanently.

Not until the blood is purged of impurities and the system cleansed of all harmful substances should the ulcer heal, or the effect upon the system might prove disastrous. S.S.S. goes into the circulation and searches out and removes the cause of the old sore and invigorates and builds up the polluted, sluggish blood again, and as the poisonous matter is driven from the system the sore begins to heal, new flesh forms and the place is soon covered over with fresh skin and the sore is gone for all time. Where the constitution is debilitated from the effects of chronic sores, ulcers, abscesses, carbuncles, boils or other severe skin eruptions, S.S.S. will build it up again and stimulate and strengthen all parts of the system. S.S.S. contains no strong minerals, but is guaranteed entirely vegetable. It is unequalled as a Blood Purifier and invigorating tonic. Do not depend upon local remedies alone. Get your blood right, and as it forces out the poison the sore must heal, because nothing is left in the system for it to feed upon. Write us should you desire medical advice, which is given without charge.

"DO IT TODAY."

The time worn injunction, "Never put off 'til tomorrow what you can do today," is now generally presented in this form: "Do it today!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it today—and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all druggists.

Theatrical Notes.

Miss Amelia Bingham, one of the prettiest and most talented actresses in America, was greeted by an enthusiastic audience Saturday night at the Kentucky theater in "Olympia." She was supported by one of the best companies ever seen in Paducah, including Henry Woodruff, who played the king for Henrietta Crossman in "Mistress Nell" here two seasons ago, and Creston Clarke, who has been popular here for many years. The general opinion of the play seemed to be that it is a good one, although the ending is tragic and displeasing. Miss Bingham proved herself in every way one of the finest of our emotional actresses, and she will always be welcome in Paducah hereafter.

NEW BLACK CATS.

CONCANTENTATION HERE SATURDAY WAS A GREAT SUCCESS.

The concantentation of Hoo Hoo here Saturday night was a great success. The following "kittens" received the degrees, which required about four hours work at Elk's Hall: Edward A. NO NEW HEARING

MOTION IN APPELLATE COURT OVERRULED IN AYER-LORD CASE.

The motion for a new hearing in the suit of Auditor's Agent Lucas, of Paducah, against the Ayer-Lord Tie Company for back taxes on the franchises of boats registered in this port has been overruled. It was thought that when the matter was thoroughly explained to the members of the court of Appeals by the committee that went up from Paducah, which included Capt. S. A. Fowler and Capt. James Keger, that the court would reopen the case, which had been decided against the Ayer-Lord company, but the court, before adjourning Saturday overruled the motion for a new hearing, which sends the case back for another trial in the county court here.

Should the principle enunciated by the appellate court ultimately be regarded as the law, it will result in many boats that now run into Paducah and buy their stores here, including the Ayer-Lord fleet, to make Cairo their home port.

DEATH IN LOUISVILLE.

Mrs. Norma Fiske Stovall, the young wife of Agent E. F. Stovall, of the Illinois Central at Louisville, died there Saturday. "The Camel of California"

Just as the camel is the ship of the desert, so is the meek and lowly burro a favorite means of transportation among the mountains of Southern California. It is slow but it is sure. It will climb steeper trails than a horse ever dreamed of scaling. Its back is broad—which helps to make riding easy. It is stupid but fairly docile. You need not fear that it will stumble and so you can enjoy the scenery to the utmost.

Going to California via the Rock Island System is very different from traveling thro' the State on the back of a burro. But there is this similarity—both are pleasant.

I am always glad to quote rates and give information about our thru car service.

The Gentleman From Indiana

By BOOTH TARKINGTON

Copyright, 1899, by Doubleday & McClure Co.
Copyright, 1902, by McClure, Phillips & Co.

Last of all came the tooting callopo, followed by swarms of boys as it executed "Watt Till the Clouds Roll By, Jennie," with infinite gusto.

When it had gone Miss Sherwood's gaze relaxed—she had been looking on as eagerly as any child—and she turned to speak to Harkless and discovered that he was no longer in the room. Instead she found Minnie and Mr. Willets, whom he had summoned from another window.

"He was called away," explained Lige. "He thought he'd be back before the parade was over and said you were enjoying it so much he didn't want to speak to you."

"Called away?"

Minnie laughed. "Oh, everybody sends for Mr. Harkless."

"It was a former name of Bowlder," added Mr. Willets. "His son Hartley's drinking again, and there ain't any one but Harkless can do anything with him. You let him tackle a sick man to nurse or a tipsy feller to handle, and I tell you, Mr. Willets went on, with enthusiasm, "he is at home. It beats me, and lots of people don't think college does a man any good. Why, the way he cured old F's"—Miss Briscoe interrupted him.

to sink into the waters under the earth, but having no way of reaching them, and finding his troubles quite unbearable and himself unable to meet the manifold eye of man, he sought relief after the unsavory fashion of a larger bird than he. His burly form underwent a series of convulsions not unlike sobs, and he shut his eyes tight and held them so, presenting a picture of misery unequalled in the memory of

"You, you, a man elected to"—any spectator. The editor's outstretched hand began to shake. "You," he tried to continue; "you, a man elected to"—

There came from the crowd the sound of a sad, high keyed voice drawing. "That's a nice vest Jim's got on, but it ain't hardly the feathers fitten for an ostrich, is it?"

Harkless broke into a ringing laugh and turned to the shell men. "Give up the boy's money. Hurry."

"Step down here and git it," said the one who had spoken.

There was a turbulent motion in the crowd, and a cry arose: "Run 'em out! Hide 'em on a rail! Tar and feathers! Run 'em out o' town!"

"I wouldn't dillydally long if I were you," said Harkless. A roll of bills was suddenly placed in his hand, which he counted and turned over to the elder Bowlder. One of the shell men clutched the editor's sleeve with his dirty hand. "We ain't done w' youse," he said hoarsely. "Don't belief it, not for a minute, see?"

The town marshal opened his eyes briskly and, placing a hand on each of the gamblers, said, "I do hereby arrest your said persons and declare you my prisoners."

The cry arose again louder: "Run 'em out! String 'em up! Hang 'em! Hang them!" And a forward rush was made.

"This way, Jim. Quick!" cried Harkless, bending down and jerking one of the gamblers half way up the steps. "Get through the hall to the other side and then run 'em to the lockup. No one will stop you that way. Watts and I will hold this door."

Bardlock hustled his prisoners through the doorway, and the crowd pushed up the steps, while Harkless struggled to keep the vestibule clear until Watts got the double doors closed. "Stand back, there!" he shouted. "It's all over. Don't be foolish. The law is good enough for you. Stand back, will you?" He was shoving vigorously with open hand and elbow, when a compact little group of men suddenly dashed up the steps together, and a heavy stick swung out over their heads. A straw hat with a gay ribbon sailed through the air. The editor's long arms went out swiftly from his body in several directions, the hands not open, but clinched and hard. The next instant he and Mr. Watts stood alone on the steps, and a man with a bleeding, blaspheming mouth dropped his stick and tried to lose himself in the crowd. Mr. Watts was returning something he had not used to his hip pocket.

"Prophets of Israel!" exclaimed William Todd ruefully. "It wasn't Eph Watts' pistol. Did you see Mr. Harkless? I was up on them steps when he began. I don't believe he needs as much takin' care of as we think."

"Wasn't it one of them Crossroads devils that knocked his hat off?" asked Judd Bennett. "I thought I see Bold it Skillet run up with a club."

Harkless threw open the doors he was behind him. The hall was empty. "You and may come in now," he said. "This isn't my courthouse."

Use Only Pineapple Juice.

The juice of the green pineapple is accredited in Java, the Philippines and the Far East generally with being a blood poison of a most deadly nature. "Health" mentions it as the substance with which the Malays poison their spears and daggers, and as the "Angora" poison formerly in use among aboriginal Javanese women almost universally. These women cultivated a nail on each hand to a long, sharp point, and the least scratch from one of these was certain death.

Auditor's Agent Lucas Sends Auditor a Reply to Letter.

Claims That the Auditor Has Nothing to do With the Agents.

DECLINES TO BE DICATED TO

Auditor's Agent Frank Lucas, whose action in bringing suit against 300 state banks for back taxes was repudiated Saturday in a letter written to him by State Auditor Hager, as told in the Dispatches, today wrote a reply to the auditor, and mailed it to him at Frankfort.

One point made by the auditor in his communication to Mr. Lucas is that Mr. Lucas' term expired when that of Auditor Coulter, who appointed him, retired from office. Mr. Lucas, in the somewhat lengthy letter of reply written to Auditor Hager today, denies this. He claims that he was appointed for four years and has nearly two years longer to serve.

He claims further that his duties are defined by law that they are plainly outlined there and fully justify him in the suits he filed.

He alleges further that the auditor has no control over the auditor's agents except in one or two exceptions and that neither of these is in regard to the collections of back taxes.

Auditor Hager it will be remembered soon after he was inducted into office attempted to put out the auditor's agents who served under Mr. Coulter and install his own friends but the question of law involved has yet to be settled and those appointed by Former Auditor Coulter are still holding on.

A question that will now prove of interest will be what attention will be paid by the courts to the agreement between the auditor and the auditor's agent, one declaring that the suits should not have been brought and were brought without authority and the other that they were not.

CIRCUIT COURT

The first case tried this morning was the assault and battery case against Ed Walbert, for assaulting his sister, Miss Kate Walbert. The jury returned a verdict finding him \$100 and costs.

At press time the case against Ed Walbert for maliciously shooting James Conway was on trial.

Walbert, it will be remembered, shot Conway near Sixth and Trimble, several yards from Walbert's house, claiming that Conway attacked him and he shot only to scare him. There was little evidence to be heard and the case will probably go to the jury this afternoon.

The following petit jury was empaneled and after the jurymen had been sworn in, the regular cases against those in jail were taken up.

Joe Mattison, John Horzog, J. R. Hudson, Blaney Harper, Andy Yopp, W. M. Mitchell, D. M. Potts, Frank Potts, George J. Jones, Claude Baker, R. R. Wood, D. F. Elliott, J. A. Hall, D. F. Adams, T. E. Boswell, E. K. Bonds, J. H. Smith, J. T. Wood, Ben Martin, K. O. Rose, Robert Jett, Norman, McClure, T. H. Marshall.

A BIG DOCKET

A Woman Has a Close Call From Going Over the Road.

A Large Number of Fines Assessed and Minor Cases Considered.

Judge Sanders' docket today in police court was quite a lengthy one, but there were no cases of unusual importance.

Luella Price is the name of a West Kentucky damsel who had a narrow escape from going to the pen. Fred Bradshaw, white, was charged with striking her, but he swore he didn't do it, in the face of very contradictory evidence. One of her friends in the audience, perceiving her predicament, employed Senator J. Wheeler Campbell, who stepped into the court room at this juncture to defend her, and finally the woman was allowed to correct her statement, and released with a reprimand from the court.

The case against Frank Clark for cutting Butler Fondaw, and the breach of the peace cases against Frank Clark and Bud Turner, who went to the Cohanuk company plant and started the trouble which resulted in Fondaw being cut, was also continued.

A warrant has also been issued against Butler Fondaw for cutting the Clark boy with a cotton hook during the same fight.

Other cases were: Tom Clark, drunk, \$1 and dismissed during sobriety; Mr. Finnegan, one cent and costs for striking a man who abused him; Richard Davis, colored, \$5 and costs for disorderly conduct; Mose Dozier, \$30 and costs for whipping his wife, and recognized in the sum of \$300; Fred Bradshaw, for striking Luella Price, \$30 and costs; Fred Bradshaw, a cripple, charged with vagrancy; dismissed; E. H. Bush, colored, disorderly conduct, \$5 and costs; C. T. Graham, violating Sabbath, \$15 and costs; Paducah Gas Co., tapping the sewerage mains without a license, dismissed by agreement; Charles Gray and Wade Crow, disorderly conduct, continued until tomorrow; Wm. Forrest and Adam Farris, disorderly conduct, Farris fined \$25 and given thirty days in jail for carrying a pistol concealed; S. H. Brownlee, vagrancy, dismissed; C. C. Chiles and Joe Williams, white, breach of the peace, continued; Lewis Calhoun, two cases petty larceny, one dismissed and one continued.

CARBOLIC ACID.

TAKEN BY NEGRO WITH SUICIDAL INTENT.

Mary McMin, a negro woman, of 1971 Broad street, attempted suicide last night, by taking carbolic acid. Dr. J. D. Robertson and Dr. Adrian Hoyer, were called and the woman is now out of danger.

She is said to have taken a half ounce of the liquid, and her mouth and throat are badly burned. No cause was assigned for the deed.

RUSSIA MAKES A PROPOSITION TO CHINA.

Manchester, Eng., March 21.—The guardian learns that Russia is energetically trying to induce China to apply to the powers for a declaration and treaty, making Port Niuewah-wong and both banks of the Liao river from the sea to the Port neutral territory. Russia has promised in event of such a declaration to withdraw from Nishwang. So far China has refused to take any steps in the matter.
